FOLLOWING INFORMATION:

- (d) Power to be developed is horsepower.
- (e) Place of use SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 7, Twp. 34 N., Rg. 30 E., M.D.B.&M. (unsurveyed)
Give location of place of use by legal subdivision
- (f) Point of return of water to stream
Describe in same manner as point of diversion
- (g) State number and kinds of animals to be watered
4000 sheep
- (h) Use will begin about Jan. 1 and end about Dec. 31st, of each year.
Month Month
- (i) Remarks

DESCRIPTION OF PROPOSED WORKS

Cold Sulphur Springs are to be developed by digging water tunnels. The State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water developed in the tunnels to be run into a reservoir for storage is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions. and then run through a pipe line to troughs that will be built about 100 ft. from the reservoir. The water tunnels and reservoir will be fenced with hog wire and barbed wire.

5. Estimated cost of works \$1000
6. Estimated time required to construct works Two years
7. Remarks I have used the above named springs for the past 30 yrs as a camp tenders headquarters where I have watered my saddle horses and pack outfit. It is my intention to put the water developed to beneficial use watering my sheep from the troughs which will permit me to utilize the range when snow is not available for water.

Peter Etchart, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the number of stock watered daily, which number must be stated in the proof of beneficial use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0248 cubic feet per second, or sufficient to water 4000 head of sheep.

Actual construction work shall begin on or before October 1, 1952

Proof of commencement of work shall be filed before November 1, 1952

Work must be prosecuted with reasonable diligence and be completed on or before October 1, 1953

Proof of completion of work shall be filed before November 1, 1953

Application of water to beneficial use shall be made on or before October 1, 1954

Proof of the application of water to beneficial use must be filed with State Engineer on or before November 1, 1954

Map Filed DEC 11 1951

Proof of commencement of work filed OCT 3 1952

Proof of Completion of work filed Jan 14 1953

PROOF OF BENEFICIAL USE FILED MAY 11 1953

of March 1952
